This will add pressure to you. ItcÀÀAs very important that you only attempt those questions whose topic you are well aware of. The test is to score the maximum marks in less time. Do not spend more time on any question no matter how well you know that topic. Do not feel panic if you have solved fewer questions because maybe the exam is difficult. While practicing make sure to keep a timer as this will help you to fasten your speed. Attempt easy topics first like blood relation, inequality, syllogism, etc. Attempt the puzzle in the end no matter how good you are in it. Give as many mocks as you can. Analyze your mocks to make sure that you are correcting your mistakes.
